Wichtige Informationen

BESTELLEN:

Sie müssen Ihre Bestellungen grundsätzlich auf dem dafür vorgesehenen Bestellschein aufgeben. Bestellscheine finden Sie hinten in den technischen Datenblättern, auf Anfrage sind sie in digitaler Form erhältlich. Wir bieten unseren Kunden auch die Möglichkeit der Bestellung über unser Online-Bestellsystem.

AUFTRAGSBESTÄTIGUNG:

Nach jeder Bestellung erhalten Sie eine Auftragsbestätigung. Wenn keine anderslautende Mitteilung innerhalb von 24 Stunden nach Versand der Auftragsbestätigung erfolgt, wird die Bestellung ausgeführt.

ÄNDERUNGEN UND UMTAUSCH VON BESTELLUNGEN:

Änderungen und Umtausch innerhalb von 24 Stunden nach Versand der Auftragsbestätigung werden kostenlos ausgeführt. Für Änderungen oder Umtausch 24 Stunden nach Versand der Auftragsbestätigung wird ein Aufschlag berechnet:

- Für Waren, die noch nicht in Produktion sind, beträgt der Aufschlag: 25 Euro.
- Für bereits produzierte Waren beträgt der Aufschlag: 25 Euro + bereits absolvierte Arbeitsstunden und verbrauchte Materialien.

STORNIERUNG VON BESTELLUNGEN:

Siehe allgemeine Verkaufsbedingungen Art. 10

REPARATUREN UND ÄNDERUNGEN:

Produkte können jederzeit in unserem Betrieb geändert und/oder repariert werden. Hierfür werden zusätzlich zu den eventuell zu ersetzenden Materialien feste Kosten berechnet. Diese Änderungen und/oder Reparaturen gelten grundsätzlich ohne Lackierarbeiten, mit anderen Worten, der Sägeschnitt ist roh. Profile und Teile werden nicht überlackiert. Die festen Kosten betragen für:

- die Verringerung der Breite von Rollläden: 250 Euro
- die Verringerung der Breite von Screens: 350 Euro
- die Maßfertigung von Schweißnähten: 75 Euro
- die Verringerung der Breite der Markise VZ510/520/SP900: 400 Euro
- nachbestellen von lackierten Teilen: 25 Euro

Sonnenschutz wird in unserem Betrieb zwischen dem 1. September und dem 28. Februar ohne Aufschlag geändert und repariert. Außerhalb dieses Zeitraums wird ein Aufschlag von 75 Euro je Reparatur/Änderung berechnet.

ABWEICHENDE LIEFERDATEN UND LIEFERUNGEN:

- Wenn Waren nicht innerhalb von 30 Tagen nach Produktion abgeholt werden oder geliefert werden können, wird hierfür ein Aufschlag von 50 Euro berechnet.
- Wenn Sie eine Urlaubsperiode nicht, nicht rechtzeitig oder unkorrekt angeben und aus diesem Grund ein Lkw unnötig Ihre Route fahren muss, wird hierfür ein Aufschlag von 75 Euro berechnet.

TRANSPORTKOSTEN FÜR STANDARDLIEFERZEITEN:

Siehe allgemeine Verkaufsbedingungen Art. 8

TRANSPORTKOSTEN FÜR LIEFERUNGEN AUF DIE BAUSTELLE UND SPEZIALTRANSPORTE:

Lieferungen auf die Baustelle und Spezialtransporte sind auf Anfrage möglich, abhängig von der Kapazität und den beim jeweiligen Spediteur geltenden Bedingungen.

Important to know

ORDERING:

Orders must be submitted on the designated order form. Order forms can be found at the back of the technical data sheets and are digitally available on request. We also offer our customers the opportunity to order through our online ordering system.

ORDER CONFIRMATION:

An order confirmation is sent following each order. Without notice to the contrary, the order will be carried out within 24 hours following the order confirmation.

MODIFICATIONS AND CHANGES TO ORDERS:

Modifications and changes submitted within 24 hours following the order confirmation are implemented free of charge. For modifications and changes submitted more than 24 hours following the order confirmation a surcharge applies:

- For goods not yet in production the surcharge is: 25 Euros.
- For goods already in production the surcharge is: 25 Euros + hours worked and materials used.

CANCELLATION OF ORDERS:

See General Terms and Conditions of Sale clause 10

REPAIRS AND MODIFICATIONS:

Products can be modified and/or repaired in our workshop. A fixed fee is charged in addition to any replacement materials. These modifications and/or repairs are charged, not including any paintwork; i.e. the saw cut is rough. Profiles and parts are not repainted. The fixed costs for:

- Trimming the width of roller shutters: 250 Euros
- Trimming the width of screens: 350 Euros
- Customising the weld seam: 75 Euros
- Trimming the width of screens VZ510/520/SP900: 400 Euros
- Re-ordering painted parts: 25 Euros

Sun protection is modified and repaired without extra charge in our workshop between 1 September and 28 February. Outside of this period a surcharge of 75 Euros applies per repair/modification.

PREFERRED DELIVERY DATES AND DELIVERIES:

- If goods are not collected or cannot be delivered 30 days following production, a surcharge of 50 Euros applies.
- Failure to inform us of a holiday period or failing to inform us in a timely manner or with incorrect information resulting in a failed delivery of supplies, a 75 Euro surcharge will apply.

SHIPPING COSTS FOR STANDARD DELIVERY TIMES:

See our General Terms and Conditions of Sale clause 7

SHIPPING COSTS FOR DELIVERIES TO BUILDING SITES AND SPECIAL TRANSPORT:

Deliveries to building sites and special transport are available on request and are dependent on the capacities and the conditions applied by the relevant hauler.

Mit Somfy Smart Home können Sie jederzeit und überall alle angeschlossenen Geräte im Haus mit Smartphone oder Tablet kontrollieren und bedienen.

Dies betrifft nicht nur den Sonnenschutz oder die Rollläden, sondern beispielsweise auch die Beleuchtung, die Temperatur in Ihrem Haus und Sensoren und Kameras, um Ihr Haus zu überwachen. Das Somfy Smart Home-System kann komplett auf Ihre Wünsche abgestimmt und überall und jederzeit überwacht und bedient werden. Unsere Lösungen sind außerdem sehr benutzerfreundlich und leicht zu installieren. Mit Somfy Smart Home holen Sie mit minimalem Aufwand das Maximum aus Ihrem Haus. Diese Anleitung vermittelt eine Übersicht über alle Smart Home-Lösungen, die gegenwärtig verfügbar sind, sowohl von Somfy als auch von unseren Partnern. Intelligent wohnen beginnt bei Somfy!

Intelligent wohnen mit TaHoma®

TaHoma® ist eine intelligente Box, die die Verbindung zwischen Ihnen und Ihrem Heim herstellt. Es ist das Herz Ihres Smart Home und verbindet die angeschlossenen Produkte mit der TaHoma®-App, sodass Sie diese Produkte jederzeit und überall mit Ihrem Smartphone bedienen und einstellen können. Mit einer einzigen Handlung Leuchten ausschalten und Rollläden herunterfahren?

Warum Somfy Smart Home?

Einfach

- Bedienen Sie Ihr Heim mit einem Knopfdruck, wo auch immer Sie sich befinden.
- Ändern Sie Ihre Einstellungen jederzeit und behalten Sie stets die Kontrolle über Ihre Geräte.

Zugänglich

- Somfy Smart Home-Lösungen sind drahtlos und können deshalb in jedem Haus verwendet werden.
- Leichte und schnelle Installation, ohne Stemmarbeiten. Das Einzige, was Sie brauchen, ist ein Internetmodem in Ihrem Haus sowie eine Internetverbindung auf Ihrem Smartphone oder Tablet.

Erweiterbar

- Somfy Smart Home ist leicht erweiterbar: Somfy bietet Lösungen für den Innen- und Außensonnenschutz, das Schalten von Leuchten und elektrischen Geräten, Klimaanlagen, Melden, Beobachten und Zugang.

Entscheiden Sie sich für zertifizierte Sicherheit

- TaHoma® Box ist SySS-zertifiziert, was auf eine hohe Sicherheit hinweist. Das bedeutet, dass Ihre Daten und das System hervorragend vor Hackern geschützt sind und deshalb privat bleiben.

Somfy Smart Home enables you to monitor and operate all connected devices in the home via smartphone or tablet at any time and from anywhere in the world.

This is not limited to blinds or shutters; it includes lighting, the temperature in your home and sensors and cameras to monitor anyone near your home. In short, the Somfy Smart Home system can be completely customized to meet your needs, and can be monitored and operated wherever you are in the world and at any time. Our solutions are very straight-forward to operate and easy to install. Somfy Smart Home allows you to enjoy maximum home comforts with minimal effort. This guide contains a summary of all the Smart Home solutions currently available, both from Somfy and from our partners. Smart living starts with Somfy!

Smart living starts with TaHoma®

The TaHoma® is a smart box that provides a link between you and your home. It is the hub of your Smart Home and links all connected products to the TaHoma® app, enabling you to set up and operate these products anytime and anywhere via your smartphone. Want to switch off the lights and lower the shutters in one single operation?

Why use Somfy Smart Home?

Tried-and-tested solution

- Control your home at the touch of a button, wherever you are.
- Customize the settings to your preferences and be in control of your devices at all times.

Accessibility

- Somfy Smart Home solutions are wireless, and can be used in any home.
- Easy and quick to install, without the need for any building alterations. All you need is an Internet modem in the house and a smartphone or tablet with Internet connection.

Expandable

- Somfy Smart Home is easily expandable: Somfy offers solutions for indoor and outdoor sun protection, switching lighting and electrical appliances on and off, climate control, access monitoring and alerts.

Choose certified safety

- The TaHoma® box is SySS certified, an indicator of high safety performance. This means that all your data and the system are extremely well protected against hacking and will remain private.

Motor 17 U/Min. - Motor 17 rpm

SERGE 1% - IO-MOTOR 50 / MOTEUR IO-50

- elektrische Bedienung: Maestria+ 50 IO-Motor (32 U/Min.)
(inkl. Smoove Origin IO Pure Sender)
- Abmessung Kasten: 150x160 mm
- Führungsschienen: 40x150 mm
- Mindestbreite: 835 mm

- electric operation: Maestria+ 50 IO motor (32 rpm)
(incl. Smoove Origin IO Pure transmitter)
- box dimensions: 150x160 mm
- guide rails 40x150 mm
- minimum width: 835 mm

- horizontale Schweißnaht: ab H = 2430 mm
- Koppelung nicht möglich

- horizontal weld seam: from H = 2430 mm
- no coupling possible

FENSTERTÜCHER / WINDOWFABRIC - IO-MOTOR 50 / IO-MOTOR 50

| WICHTIGE INFORMATIONEN IN BEZUG AUF DAS SCREENTUCH | IMPORTANT INFORMATION RELATING TO THE SCREEN FABRIC: |
|--|--|
| Bei der Konfektion dieser Screen-Tücher kann es aufgrund der Doppelnaht des Tuchs am Reißverschluss zu Wellenbildung kommen. Dies führt außerdem beim Aufrollen des Tuchs zu verschiedenen Tuchspannungen. | In manufacturing this screen fabric, the double-stitched seam of the fabric may cause corrugation at the zip fastener. This also causes differences in the fabric tension when rolling up the fabric. |
| Proportional zur Größe des Tuchs und/oder des Fenstereinsatzes können Temperaturschwankungen bewirken, dass sich das Tuch ausdehnt oder zusammenzieht. Darüber hinaus kann dies zu einer Wellen- bzw. Faltenbildung führen. | Depending on the size of the fabric and/or the window inset, temperature fluctuations may cause the fabric to stretch or contract. This can also lead to corrugation or folding. |
| Es empfiehlt sich, Tücher mit Fenstereinsätzen in CristalClear erst aufzurollen, wenn diese richtig trocken sind, um eventuelle Rückstände von Regentropfen zu vermeiden. Wenn dies nicht der Fall ist, können Sie das Tuch im Laufe des Tages offen lassen, wenn das Wetter ist schön und mit der max zulässige Winde. Regentropfen sollen also verschwinden. | It is recommended that Cristal Clear fabric with window insets is rolled up only when completely dry to prevent any residues from raindrops. Should this not have happened, you can leave the canvas open during the day when the weather is dry and the max. allowable wind for one or two days and the drop traces will automatically disappear. |
| Aufgrund des Tuchs kann es sein, dass die Endleiste beim Aufrollen infolge der durch die Temperaturschwankungen bedingten Spannungen des Tuchs ein wenig schief eingerollt wird. Wichtige Informationen in Bezug auf die Montage. | The fabric may lead to the end bar rolling up slightly crookedly when rolling up as a result of the differences in the fabric tension caused by temperature fluctuations. |
| Bei der Fertigung der Tücher ist Sicht- und Allwetterschutz stets auf beste Qualität bedacht. Dennoch müssen die oben genannten Hinweise berücksichtigt werden. Sofern die Funktionsweise des Screens nicht beeinträchtigt wird, können diese nicht als Mängel reklamiert werden. | When manufacturing fabric Sicht- und Allwetterschutz is constantly mindful of optimum quality. However, the above instructions must be observed. In so far as the functioning of the screen is not compromised, these cannot be subject to complaint as deficiencies. |

| | |
|---|---|
| <p>An dieser Stelle möchten wir darauf hinweisen, dass der Screen nur bis zu einer Windbelastung von 6 Beaufort bzw. bis zur Windwiderstandsklasse 3 zugelassen ist. Bei höherer Windbelastung muss die Anlage eingefahren werden. Bitte berücksichtigen Sie darüber hinaus die jeweilige Montagesituation und den Standort, z.B. in einem Windkanal oder auf einer Anhöhe können die Bedingungen wesentlich extremer sein, sodass der Screen schon früher eingefahren werden muss.</p> <p>5000 x 3000 mm ist die maximale Abmessung, bei maximaler Windbelastung wird jedoch davon abgeraten.</p> | <p>We would like to bring to your attention that the screen may not be put in the lowered position in case of high wind intensity above 6 Beaufort or above a resistance to wind loads (class 3). Please take always into consideration the particular situation and location when mounting/using screens.</p> <p>The maximum dimensions are 5000 x 3000 mm, however, this is not recommended for the maximum wind load.</p> |
| <p>Cristal Clear ist eine PVC-Folie. Wenn diese PVC-Folie mit Wasser oder Feuchtigkeit in Kontakt kommt, kann dies den Lichteinfall ändern, wodurch die Folie weniger transparent wird. Dieser Effekt ist vorübergehend und nicht abnormal: Er verschwindet, wenn die Markise wieder trocken wird. Wir empfehlen, Cristal Clear nicht einzurollen, wenn die Markise nass oder feucht ist.</p> <p>Die Fenstermarkise kann einen blauen Schimmer aufweisen. Dies ist ganz normal und typisch für das Tuch. Dieser blaue Schimmer wird durch den Feuchtigkeitsgehalt in Cristal Clear verursacht (wenn die Markise nass ist, wird die Feuchtigkeit durch das Tuch aufgenommen). An bestimmten Stellen kann der blaue Schimmer mehr oder weniger ausgeprägt sein. Wenn das Tuch trocknet, wird der Schimmer weniger bzw. ganz verschwinden.</p> | <p>Crystal Clear is a PVC film. If the PVC film comes into contact with water or moisture it may cause a variance in light, making the film less transparent. This is temporary and not abnormal. This effect will disappear once the fabric has dried. We recommend not to roll up your Crystal Clear when wet or damp.</p> <p>The screen may display a bluish sheen. This is completely normal and typical of this type of canvas. The blue sheen is caused by the moisture content in the Crystal Clear (if rolled up when wet, the moisture will be absorbed by the fabric). The blue sheen can vary in strength over different areas. Once the fabric has dried, the blue sheen will decrease/disappear.</p> |
